

# QUICK START GUIDE

## SondeCAM Family

### Getting Started

Connect the SondeCAM to the Fishfinder according to the diagram.

- The battery connection can be made directly or via a 12V power bus. The Fishfinder's red line should remain fused while the camera's red line includes an inline fuse.
- The video connection is an RCA plug.

Power the Fishfinder and open the video streaming interface.

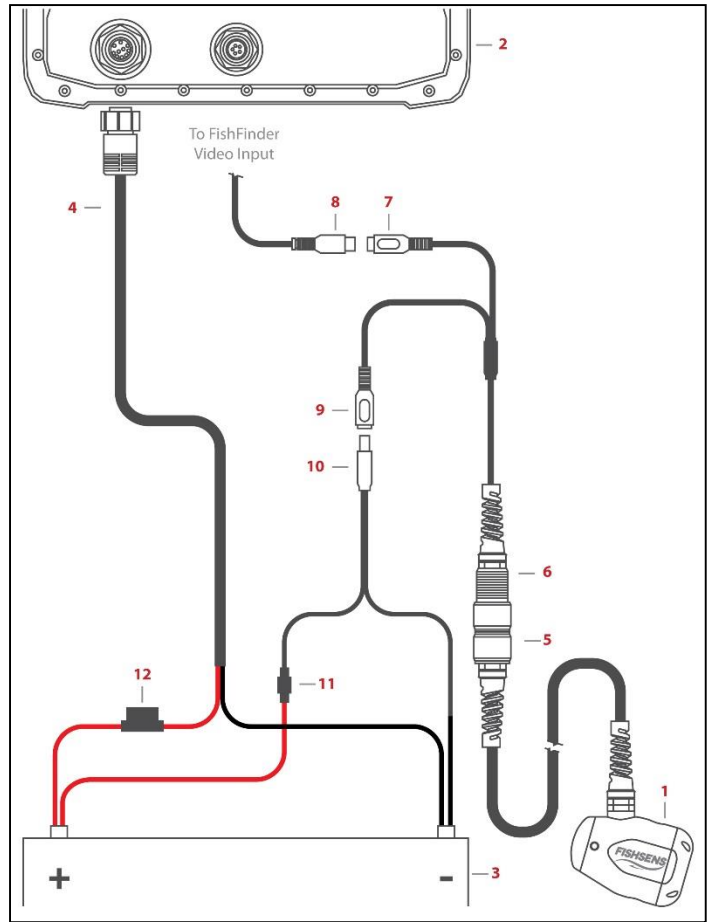

### Warning

- Connecting the battery in reverse can cause permanent damage to the Fishfinder and SondeCAM.
