

Low Flow Sampler

geocontrol PRO™

The geocontrol PRO™ is the newest addition to Geotech's long tradition of exceptional quality controls and bladder pumps.

The ultra reliable mini-compressor inside allows you to sample from depths to 200 feet! No more lugging heavy, dirty, and noisy compressors into the field or those dangerous nitrogen cylinders.

The geocontrol PRO saves you time, saves your back and saves you money!

FEATURES

- **Compact and Portable** – Can be shipped or back packed anywhere, controller 8 lbs!
- **Controls all portable bladder pumps, dedicated bladder pumps, and most air lift pumps on the market today.**
- **Built in high performance air compressor** – Allows sampling from depths of 180 feet.
- **Operates from 12V DC car battery** – Ask about our portable rechargeable battery.
- **Push/Pull tube fitting for easy tubing changes** – Bonded tubing in Polyethylene and Teflon® lined Polyethylene available by the foot or by the roll.
- **Ask about our complete line of low flow sampling kits** – Including water quality meters and flow cells.

SPECIFICATIONS

Applications	Operates all bladder & air lift pumps
Power Requirements	12-14 Volts DC input @ 7.5 Amps 90-105 Watts usage
Operating Pressure	100 psi
Max. Operating Depth	180 feet (55m)
Timer:	
Discharge Time	1.8 sec. min. 60 sec. max.
Fill Time	1.8 sec. min. 60 sec. max.
Air/Out Fitting:	.25" OD push/pull fitting 1/8" FPT allows for connection to any fitting option
Dimensions	6.28" D x 9.50" L x 9.50" W (15.95cm D x 24.13cm L x 24.13cm W)
Weight	8 lbs. (3.44 Kg) total
Optional Carrying Case	21" L x 8.25" W x 14" H

geocontrol PRO™ with optional carrying case

geocontrol PRO™ with optional draw-down control for low flow sampling

OPTIONS

- Optional AC Adapter available
- Carrying case, hard-sided with pre-cut foam and locking latches
- Portable rechargeable 12V DC battery and charger
- Professional Pack includes: geocontrol PRO™, DC power cord, battery & charger, pump, spare parts kit, and portable carrying case
- Various hose whips for connecting to dedicated systems
- Draw-down control for low flow sampling
